A Little Bit About Us

With nearly three decades of experience in designing, installing and maintaining some of the most beautiful flower gardens and landscapes in the Vail Valley, Gaylord Gardens, and our skilled and dedicated staff, truly bring expertise, knowledge and a passion for excellence to every thing we do for our clients.

Our philosophy is to have a hands-on approach, tailored to your individual needs, aspirations and vision for your home. Our award winning garden and landscape designs have complemented some of Vail's and Beaver Creek's most recognized residential and commercial properties. With a keen awareness of our environment, we create colorful, natural surroundings that inspire the mind and rejuvenate the soul.

Whether it's new construction, a renovation or maintenance of your existing lawns and gardens, we will bring the same level of professionalism and service to the project. [Learn more](#) about the wide variety of garden and landscape design, installation and maintenance services for both residential and commercial clients.
